

Proposition 28: Arts and Music in Schools Act — School Site Expenditure Plan

Background

The Proposition 28: the Arts and Music in Schools (AMS) Act provides an annual source of funding for arts education in California, between \$800 million and \$1 billion each year. This document, the School Site Expenditure Plan Template, can be used to support the planning of these funds. Each school is required to submit an annual board-approved report to post on the school district’s and Department of Education’s website that details the types of arts education programs funded by the program, the number of full-time equivalent (FTE) teachers, classified personnel, and teaching aides; the number of students served; and the number of school sites providing arts education programs with such funds.

The instructions below guide school sites through inventorying current expenditures supporting arts education. Community Engagement

A school's decisions about how to use its Proposition 28 AMS funds will directly impact the students, families, and local community and it is highly recommended LEAs consult with their community. The following is a description of how the school meaningfully consulted with its community members in determining the best use of arts education funding in the school. For schools that used the Collecting Community Input Template, enter a summary of information collected here.

Describe the meaningful efforts made by the LEA to consult with its required community members and the opportunities provided by the school for public input in the development of the plan.
Parents were invited to monthly meetings with the administration; teacher leadership meetings were also held monthly. The plan was presented at the June 19, 2024 board meeting for public comment.

Describe how the development of the plan was influenced by community input.

Parents are clear in their desire for art and music education. In addition, while not covered under Prop 28 funding, parents are also interested in library access and classroom acceleration opportunities.

Expenditure Plan

Next, in the “School Expenditure Plan” Tab, fill out the expenditures planned for the fiscal year related to arts programming. This can include all expenditures from any source of funding.

Include an estimated cost and what funding source (or sources) will support this staff position.
